The Bevy Rack™ Eases Stocking and Display of Merchandise in One Cart.

The Bevy Rack™ is a free-standing display rack designed for stocking and displaying high volume beverages in coolers that is designed specifically to fit the full width of standard size cooler doors. Featuring adjustable shelves to accommodate a wide variety of different sizes of beverage containers, the Bevy Rack™ is perfect for cooler and dairy sections in grocery and convenient. Rear load access permits first-in, first-out rotation of fresh product to help manage expiration dates and reduce shrink.

The Bevy Rack™ features a steel frame with heavy duty coated wire shelves, reducing friction and insuring maximum flow of merchandise. The rack is also equipped with wire casters for easy mobility between locations. Wire shelves allow for minimal surface contact to limit areas where liquid/spilt product can collect to help keep the display rack clean.
