Standard Bin Liner

Bin Base

## Features and Benefits

- ◆ Create an impressive display for high-volume locations or larger products
- ◆ The bin liner maintains a high-volume image, while reducing spoilage due to poor rotation and crushing weight damage
- ◆ Optional bin base raises corrugated bins off the floor to reduce moisture problems and deterioration
- ◆ Can be used indoors or outdoors to provide a neat appearance and eliminate the need for pallets
- ◆ Bin base is pallet jack and fork lift accessible
- ◆ Black plastic

## High-volume areas benefit from attractive display bins

Bin Liner and Base for Corrugated Bin Displays maintain a high volume image, while reducing shrink due to poor rotation and crushing weight damage. The false bottom eliminates the need to reach deep into the dump bin, damaging produce in the process.

The bin base keeps the bin off the floor and eliminates damage from floor cleaning agents. The unique base design allows for easy mobility with a pallet jack or fork lift.
