

# Data Strip® SuperGrip® Label Holder for Shelf Channel

## Features and Benefits

- ◆ Innovative, cost-effective label/sign holder delivers critical pricing and promotional messages at shelf-edge
- ◆ T-top window protects labels from dust, dirt and spills
- ◆ Integrated SuperGrip® sign holder displays 90-100 lb uncoated tag or index stock along the length of the shelf, allowing flexible placement and re-placement of signage
- ◆ Freezer-grade SuperGrip® style withstands low temperatures
- ◆ Standard style is for center store gondola use
- ◆ Label Holder snaps easily into 1.25" H shelf channels for adhesive-free message delivery
- ◆ Holds 1.25" H tickets
- ◆ White, beige or black back PVC

## Now available in Freezer-Grade SuperGrip® style

Innovative design provides the benefits of a shelf-front label holder and a sign holder in a single cost-effective product.

Data Strip® SuperGrip® Label Holder for Shelf Channel displays and protects price tags and promotional signage behind a clear covered face – paper labels easily slide into the holder and are visible, organized and protected from high-traffic bumps.

The integrated SuperGrip® Sign Holder extends the entire length of the product, providing ultimate flexibility in sign placement with the superior holding power of SuperGrip® technology.
