

Fresh-Fit® Aluminum Direct Hook-In Shelves

Solid

Perforated

Solid shelf acts as baffle for maximum temperature control

Perforated shelf features holes in front half of shelf to allow for drainage and a solid back half to act as a baffle for temperature control

Perforated Anodized shelf features holes in front half of shelf to allow for drainage and a solid back half to act as a baffle for temperature control; anodized construction provides the ultimate durability and rust prevention

Features and Benefits

- ◆ Four-Position Brackets (two included with each shelf; also sold separately) hook directly into standards on back of wall case and display shelf at 0°, 10°, 20° or 30° (may vary by case manufacturer)
- ◆ Black aluminum shelving is rust-resistant and suitable for misted areas* and is available in three styles
- ◆ Optional clear PETG Plastic Product Stop is available in 2.5", 3.5" and 4.5" heights
- ◆ Optional clear 3.25" H PETG Plastic Product Stop 9924019900 is organic etched
- ◆ Optional black Wire Product Stop is available in 1.25" and 3" heights
- ◆ Optional black PVC Baffle (for perforated shelves) and Baffle Kit (for solid shelves) available

Ultimate flexibility to meet your produce display needs

Direct hook-in shelving can be added to a standard produce wall case to create one or multiple mezzanines or to multi-deck cases to increase merchandising options.
