

Gravity Feed Shelf for Refrigerated Jar Product

Features and Benefits

- ◆ Specially-designed gravity feed shelf keeps refrigerated jars neat, organized and faced forward
- ◆ Fits most multi-deck and standard wall cases
- ◆ Shelf is angled 10°; as product is shopped, jars automatically slide forward keeping section looking full at all times
- ◆ Reduces labor, allowing store personnel to spend less time merchandising the section
- ◆ Fully adjustable dividers clip in and adjust to any width of product
- ◆ Each shelf includes baffle kit to ensure the lowest possible product temperature
- ◆ System is built for strength; shelf is heavy-duty powder-coated steel with a maximum load limit of 200 lb while dividers are injection-molded durable polycarbonate plastic

Automatically face refrigerated jar product

Gravity Feed Shelf for Refrigerated Jar Product is angled to automatically face product, reducing labor cost and improving appearance. Heavy-duty design is ideal for dressings, jellies, dips or other jarred products.

Integrated dividers are both adjustable and durable, providing a versatile and lasting solution.
