

Half Moon Melamine Bowls

Features and Benefits

- ◆ Half-moon shape offers new design possibilities
- ◆ Use straight side to pair with platters for entrée and side dish combinations
- ◆ Several bowls together create a feature set
- ◆ Available in 2.5" and 4" depths to meet volume needs
- ◆ Non-slip base for secure display
- ◆ Black melamine

Arrange Half Moon Bowls to create high-impact displays

The unique shape of our Half Moon Melamine Bowls offers exciting new design possibilities. Use two bowls together for visual interest or surround entrée platters or square bowls to showcase complementary side dishes.

Available in two depths to accommodate various volume needs, the Half Moon Melamine Bowls are a durable and lightweight alternative to ceramic.
