Loop Tag Alarm

Product Features

Loop Tag Alarm is an all-in-one EAS gate sensor solution. It is easy to set up and is equipped with a tether to strap on to the merchandise. The Loop Tag Alarm securely safeguards merchandise from potential offenders while keeping it accessible for honest customers. Attempting to remove the Loop Tag Alarm or take the product out of the store will cause the device to alarm. Additional security for displayed or multi-component items is available by using secondary security cables.

- ◆ Battery lifetime: Approximately 2 years
- ◆ Replaceable CR2450 battery
- ◆ Alarm volume: >95db
- ◆ Full alarm: 5 min.
- ◆ Pre-alarm: 3 short beeps
- ◆ AM (58kHz) / RF (8.2MHz)
- ◆ 2 & 3 alarm options available
- ◆ Covers product up to 48mm in diameter or circumference of 150mm
- ◆ Disarms using standard siffron magnetic detacher

Easy to install

Improve store security

1st alarm:

Manipulating or removing Loop Tag Alarm from merchandise triggers Tag to alarm

2nd alarm:

Armed Tag triggers EAS Systems to alarm

3rd alarm:

AM or RF antenna or deactivator signals Tag to alarm

How it works

The Loop Tag Alarm is equipped with a tether to strap on to the merchandise.

If product is tampered, or removed from store, the alarm will alert staff and help prevent loss.

2 alarm or 3 alarm options are available.

Protect merchandise of any size

Product Displays - Items set up for store promotion are vulnerable to potential offenders. Loop Tag Alarms eliminate possible theft by securely attaching to the displayed merchandise while keeping it accessible for legitimate shoppers.

Store Merchandise - Protect high dollar and high theft store merchandise of any size. Handheld home appliances, electronic devices, even bicycles can be easily tagged and protected.
