

Saddlebag Racks

Features and Benefits

- ◆ Increase impulse sales and cross-merchandising opportunities at the end of your freezer aisles
- ◆ Racks create an end cap, attaching to the freezer case with steel “straps” that hold the racks in place
- ◆ Suction cups on the back of the racks prevent swinging and sliding
- ◆ Adjustable, sturdy steel shelves hold a variety of packaging styles and heights
- ◆ Pegboard back allows display of pegged product
- ◆ Racks: 31.5” W x 72” H x 12.5” D
- ◆ Shelves: 28.5” W x 12” D
- ◆ Each set includes two shelving units, twelve shelves and all hardware to outfit both sides of freezer case
- ◆ Black steel

Increase valuable end-cap space

Saddlebag Racks attach right to the freezer case with steel “straps” to hold them in place. These space-saving racks act as end caps, increasing impulse sales and adding product visibility. Adjustable shelves allow for a variety of packaging to allow for cross-merchandising of many product categories.

Each set includes two shelving units, twelve adjustable shelves and all hardware to outfit both sides of the freezer case.
