

Stainless Steel Display Pans

Features and Benefits

- ◆ Metal pans are an attractive addition to display cases and utilize case capacity
- ◆ Available in 1" and 2" depths
- ◆ 1" deep pans are available with and without drain holes
- ◆ All 1" deep pans with drain holes include two dividers
- ◆ All 1" deep pans without drain holes include one divider except for 9922510331
- ◆ 2" deep pans have an optional stainless steel insert that is .75" deep to keep pans looking full
- ◆ Clear sign holders are available in clip-on style (works with all depths) or wrap style (works with 2" depths)
- ◆ Dishwasher safe
- ◆ 16-gauge stainless steel

Sleek, low profile design enhances set layout

Give display cases an upscale look with durable and attractive Stainless Steel Display Pans. The pans are available in two depths, with and without drain holes and dividers, to accommodate a wide variety of prepared foods. And, with 16-gauge stainless steel construction, these dishwasher-safe pans provide a durable, long-lasting solution for both hot and cold cases.
