

SuperGrip® Adjustable Multi-Mount Sign Holder

Features and Benefits

- ◆ Versatile sign holder with universal mounting options to add messages to fixtures throughout the store; holds up to three signs
- ◆ Integrated hinge adjusts to multiple positions to display signs at ideal viewing angle
- ◆ Securely mounts to standard 1.25" H shelf channels, wire front fences, slatwall, and corrugated
- ◆ Pivoting SuperGrip® sign holder displays material from .030" to .080" thick; top and bottom card holders display material from .020" to .040" thick

Mounts to many fixtures - Holds up to three signs

Unique sign holder combines multiple mounting options with sign placement adjustability for ultimate versatility in sign display. SuperGrip® Adjustable Multi-Mount Sign Holder securely mounts to standard 1.25" H shelf channels, wire front fences, slatwall, and corrugated for use throughout the store.

Display up to three signs at once to maximize messaging—card holders display signs at top and bottom, while the pivoting SuperGrip® sign holder provides superior grip and adjusts to display signs at the ideal viewing angle.
