- ◆ Dimensions 1.75" H x 2.1" W x 2.63" L

Attract customers towards new products and promotions!

Protect packaged and display merchandise in your stores using the new Turtle 2.0 from siffron. Turtle 2.0 combines the securing of boxed retail products, similar to the original Turtle, along with EAS gate functionality. Turtle 2.0 provides improved sensitivity - by limiting false alarms from loose strapping - and streamlined installation, while ensuring greater protection from potential offenders.

The Turtle 2.0 features a sleek new design that fits more securely to packaged items and protective strapping - making it virtually impossible to remove without the proper detacher.

1st alarm: Manipulating or removing Turtle from package triggers Turtle to alarm

2nd alarm: Armed Turtle triggers EAS Systems to alarm

3rd alarm: AM or RF antenna or deactivator signals Turtle to alarm
