SONR™ Spiral Anti-Sweep Hook™

## Loss Prevention Merchandising

### Smart solutions designed to protect merchandise

We specialize in shopper-friendly merchandising solutions that protect products while driving sales. From intelligent solutions to mechanical product protection, we offer multi-level solutions for all types of retailers and brand manufacturers. We have worked closely with the top retailers throughout the world and we continually provide solutions around three key principles:

- Shopper friendly
- Reduce shrink while reclaiming sales
- Scalability

Our security solutions are designed to help retailers achieve these goals. Contact us today and put siffon's loss prevention solutions to work for you!

# SONR™

## The store-wide solution to theft

SONR™ provides retailers with a viable solution for displaying valuable items anywhere in the store without losing them to shrink. It keeps merchandise visible, accessible, and, most importantly, shoppable. Best of all, it deters theft well before criminals reach the door.

SONR™ is an open security ecosystem. Merchandise is displayed and kept accessible for honest shoppers. This open environment does not mean it is light on theft deterrence. SONR provides effective security measures to notify store associates of activity and draw attention to potential shoplifters.

- Multi-tier security platform
- SONR™ technology offers scalable security solutions to meet your retail needs
- Viable solution for displaying valuable items without losing them to theft
- Hook is battery powered – requiring no cords or cables
- Keeps product visible, accessible, and shoppable

# SONR™ and the Zones of Influence

When addressing theft, the Loss Prevention Research Council recommends a strategy that builds retailer's Zones of Influence, or concentric areas in and around the store that theft prevention tools are setup. Theft prevention does not start or end at the shelf level. If retailers only address loss prevention here, they are fighting a losing battle with merchandise shrink and theft.

What sets SONR apart from other solutions is it's ability to cover three zones, providing comprehensive protection.

## LPRC Zones of Influence\*

- Zone 1: Specific points or assets
- Zone 2: Specific interior category areas
- Zone 3: Store entry and overall interior
- Zone 4: Parking lot entry and interior
- Zone 5: Cyber and surrounding build/social communities

## SONR™ - Three Zone Product Protection

### Zone 1 – Display Level

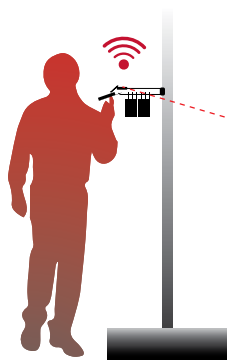

- SONR™ displays product for shoppers to select while monitoring activity and pushing notification to category and store levels.

### Zone 2 – Category Level or Product Area

- SONR™ products at display level communicate with SONR™ Echo Box to provide additional category level protection. These push notifications alert store staff to activity and can trigger other departmental communications.

### Zone 3 – Store entrances and overall interior

- SONR™ Technology can integrate with additional monitoring technology, such as CCTV, intercoms, walkie talkies, and more.  
In addition, SONR products that feature patented LM Tag™ light and motion sensors have expanded capabilities that extend throughout the store interior to alert associates. LM Tags can further the retailers zone of protection by communicating with EAS systems, alarming when they cross the gates installed at entrances/exits.

**Tier 1**

The first level of security starts at facer level. Merchandise removed from a hook or facing triggers the initial response.

Once triggered, a warning beep is emitted to draw attention to the affected retail area and to deter potential shoplifters.

UP TO 200' AWAY

**Tier 2**

The second tier of security offered by SONR™ starts by installing a SONR™ Echo Box at or near a store associate workstation to mimic all warning beeps and alarms from SONR™ products.

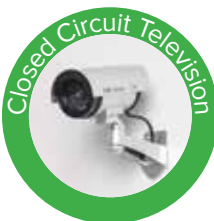

The SONR™ system can be set to alarm if the hook is lifted for too long or cycled too often in a preset timespan. This feature notifies store associates, who may not be in the retail area of activity, and further deters shoplifters.

**Tier 3**

The third tier, and most sophisticated level of security for SONR™ provides an auxiliary output to link into existing security and communication systems to suit store needs.

The SONR™ Echo Box with optional auxiliary port integrates with existing security systems such as an overhead intercom or Public Video Monitor (PVM).

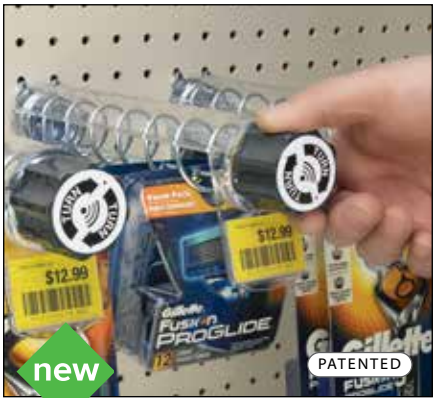

SONR™ Hook

- Display hook designed to guard against product sweep
- Notifies store associates when customers have chosen merchandise by emitting a warning beep or alarm to detract shoplifters
- Use with SONR™ Echo Box for a second tier of security
- No deactivation device is required
- Holds 1.25" H x 2" W tags
- Locking Backs available (see page 433)

Item No.	Ref. No.	Description	Finish	Pack
4613937912	R-SONR-6-1	SONR™ 6" Hook Freq 1	Black	10

SONR™ Spiral Anti-Sweep Hook™

- Features a mechanical audible alert – deterring shoplifters
- Eliminates sweeping through integrated dispensing coil
- Integrates with SONR™ Echobox – providing push notifications to store associates up to 200' away
- Attaches securely to pegboard (bracket included)
- Has mounting adapters that include Wire Fastrack, Mega Bar, slatwall and Madix crossbar (sold separately)
- Open security – customers do NOT require assistance to access product

Item No.	Dimensions	Description	Pack

9924111502	2" W x 12" L x 3.7" H	SONR Round Spiral Anti-Sweep Hook 12"	20

## SONR™ Pusher

- Battery lifetime: approximately 2 years
- Alarm volume: > 95db
- Replaceable CR2450 battery
- Fits into new and existing Power Zone® Pre-Set™ (PS), Sure-Set™ (SS), and Kwik-Set™ (KS) Self-facing Systems
- Open security system keeps product accessible for customers
- Compatible with the SONR™ Echo Box
- Alerts occur both at facing where product is removed AND at Echo Box
- Single chirp if one item is removed, multiple chirp if too many products are removed in a short time span

## SONR™ Echo Box

- Control box for SONR™ Hook System that mimics warning beeps and alarms from SONR™ Hooks
- Resettable alarm box
- Install up to 25 ft. away with standard Echo box, or up to 200 ft with the 40cm antenna version
- Features multiple RF frequency options for connecting a variety of different product groups

Item No.	Ref. No.	Description	Finish	Pack
4614230626	-	ECHO Box 4" x 2" no AUX	Black	1
4610711900		ECHO Box 40cm antenna with AUX	Black	1

## LM Tag™ with SONR™

LM Tags are now available with SONR™ capabilities, providing an extra level of protection against theft with remote notification. LM Tags interface with the SONR™ Echobox (installed remotely) to relay product activity notifications to the Echobox - increasing awareness and response times!

The SONR™ notification can provide additional alerts to store staff or trigger existing store systems like video surveillance or communication devices.

To learn more about LM Tags and the SONR theft prevention systems, visit <https://siffron.com/loss-prevention-solutions/lm-tag>

- 3-Alarm protection:
  - Alarm 1 - Plunger
  - Alarm 2 - EAS gate
  - Alarm 3 - Tag alarms when reacting with the EAS gate
- Features a mechanical audible alert – deterring shoplifters
- Eliminates sweeping through integrated dispensing coil
- Integrates with SONR™ Echobox – providing push notifications to store associates up to 25' away, or up to 200 ft with the 40cm antenna version
- Attaches securely to pegboard (bracket included)
- Has mounting adapters that include Wire Fastrack, Mega Bar, slatwall and Madix crossbar (sold separately)
- Open security – customers do NOT require assistance to access product

## Invisi-Shield® System

Protect high-loss product with siffon's Invisi-Shield® System. Sliding panels prevent "shelf sweeping" theft, while providing easy product access for legitimate customers. Crystal-clear "invisible" panels provide an unobstructed view of consumer product.

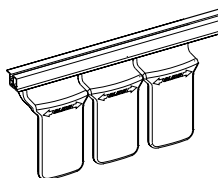

- System secures high-value, high-theft product, while allowing customer access to product for purchase
- Designed to install easily with minimal to no impact on existing planogram
- Panels available for narrow, wide, or tall product; feature contoured edges for comfortable shopping
- Optional accessories such as end panels, locking panel and security bar cover provide additional security by limiting access to product
- High-impact clear plastic panels are nearly unbreakable, even in high-traffic environments
- Additional languages can be imprinted on panels with minimum run quantities

## Versatile to protect any product category

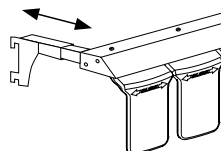

- Baby Formula
- Diet Aids
- Razor Blades
- Candles
- Cosmetics
- Air Freshener
- Teeth Whitening
- Body Wash
- Feminine Products
- Deodorant
- Skin Care
- Batteries
- Antacids
- Ink Cartridges
- Lotions

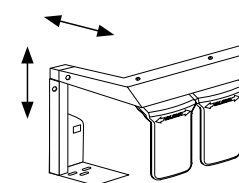

**A1** Under-Shelf Style Rail for Gondola Shelf with Perforations

**A2** Gondola Upright Style Bar with optional flat security cover

**A3** Standard Shelf-Top Style Bar with optional domed security cover

## **A Panel Rails & Mounting Bars**

### **A1. Under-Shelf Style Rail**

- Mounts seamlessly to the underside of standard perforated gondola shelves with minimal loss of vertical merchandising
- Required for styles A2 and A3

### **A2. Gondola Upright Style Bar**

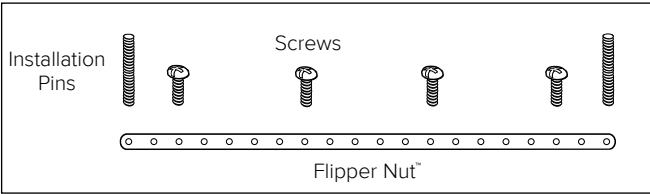

- Inserts into the slots on standard gondola uprights
- Designed for pegged product, but can also protect a top shelf when sufficient slots are available
- Unit telescopes to serve multiple shelf depths

### **A3. Standard Shelf-Top Style Bar**

- Attaches at the back of the perforated shelf it protects
- Designed for top shelves when the Gondola Upright style cannot be installed because slots in the upright are not available
- Unit has adjustable height and depth

Large 8"x8" Panels

Invisi-Shield® System with Large Panels

Protect high-loss product with siffon's Invisi-Shield® System. Sliding panels prevent “shelf sweeping” theft, while providing easy product access for legitimate customers. Crystal-clear “invisible” panels provide an unobstructed view of consumer product.

**Combine with Kwik-Set™ Pusher System for Added Security** – Utilize the Kwik-Set™ pusher system to help maintain the product planogram and provide additional deterrence from product sweep. The full front fence and dividers of the Kwik-Set pusher restrict additional access points for shoplifters to defeat the system.

- Larger size panels - 8" W x 8" H
- Other panel sizes include 3" and 4" widths in 3.5", 5.5", and 8" heights
- Optional End Closure Panel Kits available to prevent access from the sides of display shelves and protect product at the ends of the fixture
- High-impact clear polycarbonate panels will not break, even in high-traffic environments

Item No.	Description	Dimensions	Finish	Pack
4604634901	Large Clear Invisi-Shield Panel	8" W x 8" H	Clear	5/bag*
4603529401	Non-Ratcheting - Rail for 48" L Shelf	48" L	Biege	1
4609278901	Ratcheting - Rail for 48" L Shelf	48" L	Biege	1

\* 5 panels span a standard 48" shelf.

## Infant Formula Merchandiser

Designed to meet the growing challenge of displaying high-theft items in a way that not only protects the merchandise, but also makes it accessible to customers.

- Single dispensing prevents shelf sweeping and deters shoplifting
- Gravity feed design self-faces product
- Optional P.O.P. Security™ Invisi-Shield® Panels provide added security for small cans
- Push lever tilts can forward for dispensing
- Merchandiser locks to prevent unauthorized access to inventory
- Incorporated fixture “lock down” option prevents unauthorized dispensing during reduced staffing, evening hours, or in very high-theft areas (not for use with Invisi-Shield®)
- Merchandiser secures directly onto shelves
- Call for details and pricing

Item No.	Ref. No.	Dimensions	Finish	Pack
9924119829	-	48" W x 22" D	Biege	1
9924116440	-	48" W x 18" D	Biege	1

## Anti-Sweep Shelf Cover

The Anti-Sweep Shelf Cover presents an exceptional opportunity for merchandise sweep prevention at the shelf level, offering retailers a cost-effective and efficient solution to safeguard their valuable products. Designed specifically to be used with siffron pusher systems, this innovative cover serves as a deterrence tool that protects merchandise from potential theft or sweep.

- Height adjustable 5.5" – 9" H
- 13" mounting platform with 3" of access adjustability every .5"
- Universal application for siffron Kwik-Set pushers and Slow Feed pushers
- Clear, polycarbonate cover for improved merchandise visibility

Item No.	Ref. No.	Dimensions	Finish	Pack
4673229956	-	48" W x 13.3D x 5.5-9" H	Black	1

One Shot™ normal shopping product release.

Unique One Shot™ trigger rises to form a stopper to prohibit product sweep.

## One Shot™ Hook

One Shot™ Hook is designed specifically to prevent sweep. Using a stop trigger mechanism to only allow one product to be removed at a time, the One Shot™ Hook is an economical and effective way to approach loss prevention. Use in conjunction with the Locking Back for extra protection.

- Works as a normal peghook when single products are removed
- Will not interfere with a normal shopping experience
- Straight entry locking hook
- Adapts to Fast-Flip™ Label Holders
- Product will have to be removed one at a time
- No tools required
- Locking back sold separately

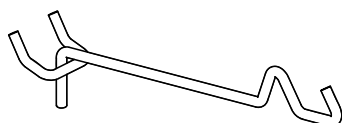

Item No.	Ref. No.	Description	Finish	Pack
<b>One Shot™ Hook</b>				
4660856653	ROS-06	6" L One Shot™ Hook	Silver	100
4666362921	ROS-08	8" One Shot™ Hook	Silver	100

## Anti-Sweep Stem Hooks

- Deter product sweep and reduce inventory loss with this unique anti-sweep design
- Bent wire form prohibits product sweep
- Wire shape makes product removal more deliberate
- Custom powder coat colors available

Item No.	Ref. No.	Dimensions	Finish	Pack
4669633735	R21AT-5-186	5" L x .186" Dia.	Galv.	100
4664460400	R21AT-8-186	8" L x .186" Dia.	Galv.	100
4661282232	R21AT-10-186	10" L x .186" Dia.	Galv.	100

## Beep Hook

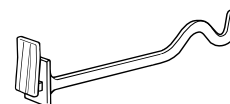

- Integrated beep activates when product is removed
- Anti-sweep design - adding curvature to the product hook creates barriers to sweep and makes product removal more deliberate
- Long battery life – expected 1+ years with replaceable battery
- Integrated label holder showcase price labels and signs
- Used with optional security straight-entry back, or traditional straight-entry back
- Does not work with SONR products or Echo box

Item No.	Ref. No.	Dimensions	Finish	Pack
4616553380	R-BP-HK-SE-10	10" L Alarming Beep Hook	Black	10

7156122490	R33-212-100	Standard Back for .212 wire scan hooks	Gray	100

## Anti-Sweep Hook for Corrugated

- Curved end for single-product dispensing serves as an economical loss prevention solution
- Fits .125" B-Flute corrugated
- Glass-filled nylon

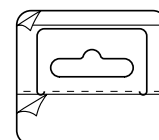

Item No.	Ref. No.	Dimensions	Finish	Pack
7207761001	-	5" L	Black	1

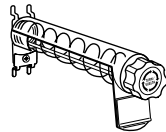

*Additional colors can be made to order. Minimum order quantities apply.*

## Security Seal Hang Tab

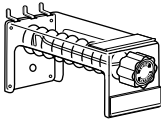

- Adheres directly to top of box to provide a clean look while securing product
- Tab has delta hole to fit most hook sizes
- Broken tab or damaged packaging indicates tampering
- Packaged 1,500/roll; sold in full rolls only

Item No.	Ref. No.	Dimensions	Finish	Pack
7307581001	-	2.6" W x 2.3" H	Clear	1 Roll

Round Hood

Square Hood

### Spiral Anti-Sweep Hook™

The Spiral Anti-Sweep Hook™ is a versatile loss prevention solution that can accommodate multiple SKU's within a product category. When the knob is turned, an audible clicking sound alerts sales associates that someone is shopping the product and the product is being dispensed.

- Each knob turn draws product forward, releasing a single package while alerting store personnel if multiple products are being dispensed
- Eliminates sweeping through integrated dispensing coil
- Mechanical audible alert when shopped
- Prevents cutting of hang tab through integrated enclosure
- Spiral Anti-Sweep Hook™ does not require assistance from store associate
- Available in 2" W narrow profile Round Hood style with two mounting prongs or 3" W Square Hood style with three mounting prongs
- Coil spacing for Round Hood is .85"; coil spacing for Square Hood is .43"
- Steel hook, bracket and adapter; clear polycarbonate hood
- Attaches securely to pegboard (bracket included)
- Mounting adapters are available to attach hooks to: Wire Fastrack®, Mega Bar™, slatwall and Madix crossbar (mounting adapters are sold separately)

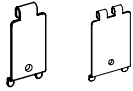

Item No.	Ref. No.	Description	Capacity	Pack

### Lockout Spiral Anti-Sweep Hook™

What sets the Lockout Spiral Anti-Sweep Hook apart from other security hooks is the internal time-delay lockout function – which initiates after a single item has been dispensed from the hook and locks out anyone from making additional selections for 6-8 seconds.

The spiral hook design effectively prevents offenders from sweeping all displayed items off of the hook. Each knob turn draws an item forward, releasing one product at a time, while an audible clicking noise alerts associates to activity in the area.

- Features a mechanical audible alert – deterring shoplifters
- Time-Delay Lockout feature allows normal single dispense, with time delay prior to additional
- Eliminates sweeping through integrated dispensing coil
- Reverse movement limiting function, with auto-reset for forward motion dispensing
- Attaches securely to pegboard (bracket included)
- Has mounting adapters that include Wire Fastrack, Mega Bar, slatwall and Madix crossbar (sold separately)
- Open security – customers do NOT require assistance to access product

Bottom of Tether

## Self-Contained Alarming Tether - 36"

This all-in-one security system secures high-theft products that are tethered without the need for an expensive powered cable. The all-in-one design with integrated tether allows for quick and easy installation and can be reused only if tether remains undamaged.

- Triggers an audible extended alarm when the tether is cut and retracts past the alarm box
- 36" cable with grommet end
- Designed to allow customers to review secured product as normal
- Mounting holes fit #4 screws (0.124" diameter hole x 0.835" deep)
- Includes replaceable battery
- Includes battery release strip to save battery life during storage
- Battery lasts up to three years

Item No.	Ref. No.	Dimensions	Finish	Pack
4629045958	R-RTA36	1.75" W x 2.75" L	Black	10

## Magnetic Display Tether

- Tether system with a base and connector that magnetically attach together
- Allows customers to view product and place back into the proper position after use
- Base and connector magnetically attach when product is not in use
- Cable dimensions: 32.5" L x .0325" diameter cable

Item No.	Ref. No.	Dimensions	Finish	Pack
4626547935	RJB-9898K	1.4" W x 2.16" L x 1.125" H	Black	10

## Droplet Tether

- Attachment screw hole goes through the middle of the housing
- .035" diameter stainless steel cable; cable length: 36"
- Flat metal plate end with adhesive for mounting to product
- Available version with cable exiting out the front or the tether
- Minimum quantities apply
- Box dimensions: 1.1875" W x 2" L x .625" H

Item No.	Ref. No.	Dimensions	Finish	Pack
4623828534	RJB-9895F03-B	1.1875" W x 2" L x .625" H, 36" L	Black	10

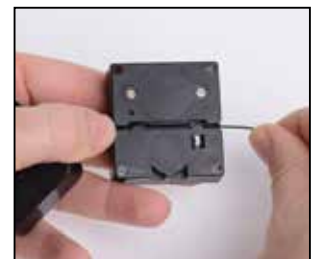

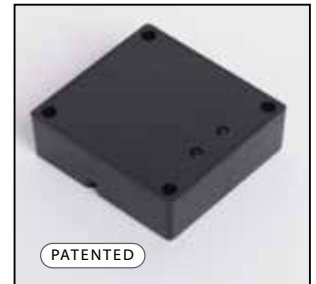

## Alarm for Tether Systems

### Alarm

- Alarm can be reset and used multiple times
- Triggers an audible extended alarm when a tether is cut and retracts past the alarm box
- Designed to allow customers to review secured product as normal
- The alarm works with most existing tether systems (compatible tethers on pages 423-425) and can be reused with a new tether if existing tether is cut or damaged
- Mounting holes fit #6 screws (0.14" diameter hole x 0.6" deep)
- Clean low profile design doesn't detract attention away from product
- Utilizes a simple plunger switch to trigger the alarm
- Extended alarm sounds until turned off with the use of a remote control
- Point remote control within 1" - 6" above the black sensor on top of the hook
- Includes replaceable battery (Type: CR2032); battery lasts up to one year
- Remote key (RJB-38) is sold separately

### Remote Key

- Remote Key for powered Alarm for Tether Systems
- Sold separately

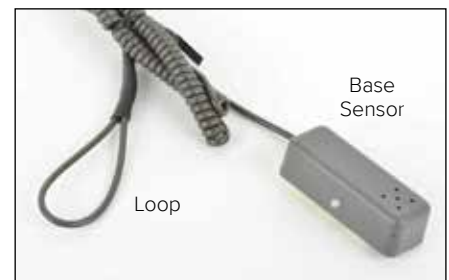

Insert tether into channel and install onto display. Works with all Heavy Duty Tethers.

Fake Security Camera

Utilize the fake security camera to provide the illusion of active security monitoring. The realistic appearance and flashing red light of the fake camera provides an immediate deterrence to potential thieves, as people tend to be more cautious if they believe they are being monitored or recorded.

- Mounting hardware included
- Batteries sold separately
- No wiring needed
- Press the camera unit to activate the battery powered, flashing red light
- Special pole attachment fits standard pole thread and is ideal for placement of camera on ceiling grid

Item No.	Ref. No.	Dimensions	Finish	Pack
4645455971	RDCR-040M	4.5" D x 3" H - Fake Camera	Black	1

CCD Fake Security Camera

Installing realistic-looking fake security cameras will deter crime and prevent property damage by fooling criminals into believing you have a real surveillance system. It's impossible to tell the difference between our CCD Fake Security camera and the real thing!

- Battery powered LED uses two AA batteries
- Slide shield back to access battery compartment
- Batteries are not included

- Increase security presence without high costs
- Pivoting arm allows the camera to be adapted to multiple locations and angles
- Wall mounted bracket includes installation hardware
- Flashing LED light and fake wire create the illusion of a functioning camera
- Easy installation with no wiring required

## Shogun Tag™

The cost-effective Shogun Tag™ is a small yet powerful product protector. Smaller than competitive products, the patent-pending Shogun Tag's provides 3-alarm protection with a reduced footprint, which is ideal for smaller products and retaining merchandising planograms.

- 3-alarm protection:
  - Alarm 1 - Plunger
  - Alarm 2 - EAS gate
  - Alarm 3 - Tag alarms when reacting with the EAS gate
- Reduced footprint for planogram and merchandising value
- No cables to distract from product packaging
- Customers access product without staff assistance
- Replaceable adhesive back
- Multi-product category uses
- Low-cost solution
- Shogun Tag™ is black
- Tag is 1.26" W x 1.57" L x .38" H and smaller than competitive products
- Disarms with magnetic detacher

## Loop Tag Alarm

The Loop Tag Alarm securely safeguards merchandise from potential offenders while keeping it accessible for honest customers. Attempting to remove the Loop Tag Alarm or take the product out of the store will cause the device to alarm. Additional security for displayed or multi-component items is available by using secondary security cables.

**Product Displays** - Items set up for store promotion are vulnerable to potential offenders. Loop Tag Alarms eliminate possible theft by securely attaching to the displayed merchandise while keeping it accessible for legitimate shoppers.

**Store Merchandise** - Protect high dollar and high theft store merchandise of any size. Handheld home appliances, electronic devices, even bicycles can be easily tagged and protected.

- Battery lifetime: Approximately 2 years
- Replaceable CR2450 battery
- Alarm volume: >95db
- Full alarm: 5 min.
- Pre-alarm: 3 short beeps
- AM (58kHz) / RF (8.2MHz)
- Covers product up to 48mm in diameter or circumference of 150mm
- Loop Tag Alarm is black
- Disarms using standard siffron magnetic detacher

# TURTLE 2.0

PROTECT YOUR MERCHANDISE

## All-In-One EAS Security Sensor System

### Benefits

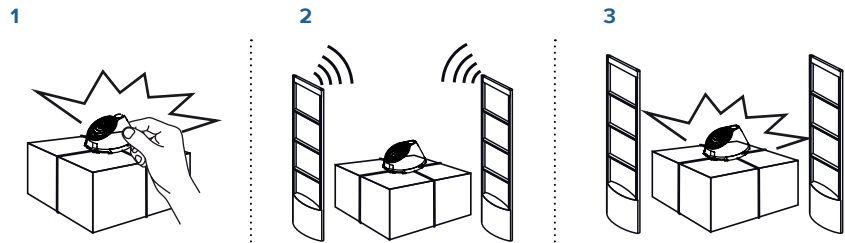

PATENT PENDING

- Battery lifetime: Approximately 2 years
- Replaceable CR2450 battery
- Alarm volume: >95db
- Full alarm: 5 min. / Pre-alarm: 3 short beeps
- AM (58kHz) / RF (8.2MHz)
- 2 & 3 alarm options available
- 1.75" H x 2.1" W x 2.63" L

- 1st alarm:** Manipulating or removing Turtle from package triggers Turtle to alarm
- 2nd alarm:** Armed Turtle triggers EAS Systems to alarm
- 3rd alarm:** AM or RF antenna or deactivator signals Turtle to alarm

Protect packaged and display merchandise in your stores using the new Turtle 2.0 from siffron. Turtle 2.0 combines the securing of boxed retail products, similar to the original Turtle, along with EAS gate functionality. Turtle 2.0 provides improved sensitivity - by providing warning alerts when manipulated or applied on loose strapping - and streamlined installation, while ensuring greater protection from potential offenders.

The Turtle 2.0 features a sleek new design that fits more securely to packaged items and protective strapping - making it virtually impossible to remove without the proper detacher.

## All-In-One EAS Security Sensor System

Turtle is an all-in-one security sensor with multiple applications to protect high-theft packaged goods and demo devices. Use the Turtle independently or with accessories. Adhere to demo products or packaged goods. Secure demo products via multiple sensor heads including: Loop Lanyard Sensor, Mouse Sensor, USB Sensor and Connection Cable.

- Prevent unauthorized opening of packaged goods
- Protect demo products
- Use with various sizes and types of products
- Stack products without any restrictions
- No adhesive residue when removed from packaging or promotional sample
- No tangling cables or damaging wires
- Adapt and expand on site with optional accessories

Full Alarm: 6 min.  
Pre-Alarm: 3 short beeps  
Alarm volume: >95db  
AM (58 kHz)  
RF (8.2 MHz)

### Turtle used with Strap Mount

Turtle can be used with existing straps to secure boxed packaging.

### Turtle used with cable mount

Turtle can be used with optional cables and sensors.

Mini-Turtle™

Mini-Turtle is the latest addition to the proven Turtle Security Tag system. Featuring a much smaller profile than previous turtle designs, Mini-Turtle 2.0 allows for a significantly lower profile when secured to retail items but provides the same protection against theft.

Mini-Turtle combines the securing of boxed retail products, similar to the original Turtle, along with EAS gate functionality. Mini-Turtle 2.0 provides improved sensitivity - by providing warning alerts when manipulated or applied on loose strapping - and streamlined installation, while ensuring greater protection from potential offenders.

## KangaSafe™

Safeguard a multitude of various types of merchandise with KangaSafe™. Easy to setup and apply, KangaSafe™ security bags provide reusable protection against theft of valuable store merchandise, such as electronics, jewelry, or controlled substances (alcohol/tobacco). Simply place the merchandise into the adjustable bag, adjust to fit, seal and done! If bags are cut or damaged prior to being unlocked by store personnel, or if the bags travel outside of the store perimeter, the tags will alarm. No clunky storage safes or spider cables necessary. KangaSafe™ works with a variety of size and shape merchandise. Food safe and approved!

- Able to work in freezing temperatures/cold storage
- Easy to apply
- Adjustable size
- Food safe – bags are composed of PT and PET material
- Freezer safe (up to -20°C)
- Reusable – over 1000 bag-to-tag connections

### First Line™ Security Lock Hooks

At siffon, we've developed the First Line™ Security Solutions to combat shoplifting. They are designed to deter shoplifters at the initial stage of the theft. With their strong locks and ability to be secured to the fixtures, these security solutions make it harder for criminals to acquire the product, thus deterring theft.

- Features heavy-duty .250" diameter wire with a locking end to prevent products from being removed
- Available in standard stem and "butterfly" style stem

Security Lock Hook  
with Butterfly-Style Stem

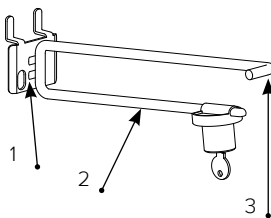

RSL-X-SCN

1. Insert screw and anchor to secure to pegboard.
2. For butterfly and delta slotted products.
3. Use Quad-Wire, Fast Tag™, or R35 label holders.

Security Lock Hook  
Standard Scan Hook

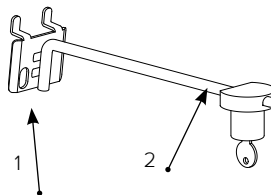

RBR2SH-X

1. Insert screw and anchor to secure to pegboard.
2. .250 diameter wire for standard peg items.
3. Use Quad-Wire, Fast Tag™, or R35 label holders.

Security Lock Hook  
Standard Single Stem Hook

RBR2SSH-X

1. Insert screw and anchor to secure to pegboard.
2. .250 diameter wire for standard peg items.

**PLUS + POINT**

Universal Keys

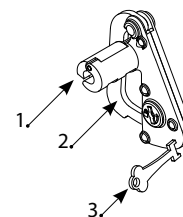

All locks feature a universal key design that will work with all of the lock hooks. Custom keys can be made to order.

## First Line™ Security Swing Lock

The Swing Lock attaches to existing scan hooks (from .186" through .250" wire diameters), and features a durable metal swing arm that secures the lock around the hook, preventing removal of product.

1. Hinge-feature allows for easy installation
2. Metal swing arm for durability
3. Universal Key

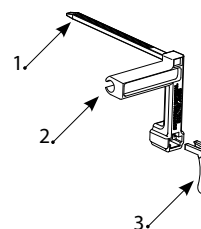

Item No.	Ref. No.	Dimensions	Finish	Pack
4666922885	RSHL-001	3" H x 1.75" W x 1.75" D	Gray	10

## First Line™ Security Hook Lock

This economical solution utilizes a durable plastic construction that securely snaps onto the scan arm (from .186" through .250" wire diameters) and ratchets around the scan hook, requiring a key to access merchandise.

1. Ratchet design for secure fit
2. Reinforced plastic arm snaps onto scan arm of hook
3. Universal Key

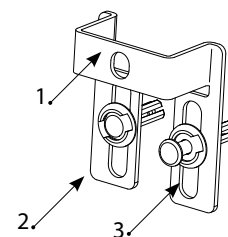

Item No.	Ref. No.	Dimensions	Finish	Pack
4660283935	RSHL-003	2.375" H x .625" W x 2" D	Gray	10

## First Line™ Security Peg Back Lock

The Peg Back Lock secures the hook to the pegboard. Simply slide it over the bottom wire of a scan hook and use the included push pins to lock it in place.

1. Easily slide over lower arm of scan hook
2. Steel construction for durability
3. Push pin design expands on entry into pegboard and locks in place

Item No.	Ref. No.	Dimensions	Finish	Pack
4669882157	RSHL-004	2" H x 1.5" W	Galv.	10

### Locking Security Bar

Protect merchandise and stop product sweep. Product sweep is one of the most common types of in-store theft. The Locking Security Bar provides managed-access protection from sweep for an entire row of pegged merchandise facings.

Designed to install and secure to standard gondola uprights, the Locking Security Bar is easy to setup and install (one store associate can complete). The Locking Security Bar is perfect for protecting a wide variety of high-theft items; including tools, electronics, souvenirs, ink cartridges, and more! Available in two versions: padlock style and keyed-lock style. Each Locking Security Bar includes (12) display hooks to planogram and merchandise the display area within the locking bar.

- Protects an entire row of facings
- Easy to setup and install
- Includes (12) display hooks
- Locks into gondola uprights
- Two versions available — padlock or keyed-lock style

Item No.	Description	Dimensions	Finish
4663133603	Locking Security Bar 10" Padlock Version	48" L x 10" D	Black
4663133612	Locking Security Bar 10" Keyed Version	48" L x 10" D	Black

## Security LockBox

The Security Case is a secure lockbox to safeguard your products with clear visible front and durable metal sides. The lockbox secures tightly to the display shelf to prevent offenders from removing it.

A clear plastic shield panel allows items to be displayed within the store. Shoppers can still view and browse items. When they are ready to make a purchase, they can notify nearby store associates to unlock the security case. Contains over 1500 cubic inches of space to display items inside. Prevent theft while keeping items safe and visible.

- Secure and easy to use
- Over 1500 cubic inches of display area
- Includes (2) keys
- Perfect for protecting CBD merchandise or other HBD items

4649908500	Security Lockbox	24" L x 8" H x 8" D	Almond

## Security LockBox with Kwik-Set™

The Security Lockbox with Kwik-Set is a top choice for maintaining product visibility while keeping display items safe and secure. Measuring 24" x 8" x 8", this locking security case features a clear visible front and durable metal sides that provide a strong barrier against potential shoplifters. The lockbox attaches securely to the display shelf via install screws, preventing offenders from removing it easily. Additionally, the clear plastic shield panel gives potentially interested shoppers a clear view of items inside. When customers are ready to make a purchase, they can notify nearby store associates to unlock the security case for them.

**Use with Kwik-Set™ to Improve Organization** – When integrated with the Kwik-Set™ Pusher System (included with kit), the Security Lockbox provides additional organization and stability to products inside. Kwik-Set pushers and dividers snap into place and can be easily adjusted to accommodate different sized merchandise. Keep items organized and properly faced to the edge of the lock box.

- Contains over 1500 cubic inches of space to display items inside.
- Prevent theft while keeping items safe and visible.
- Use with Kwik-Set Pusher System (includes 9 Kwik-Set pushers) for enhanced product organization and facing
- Secure and easy to use
- Includes (2) keys
- Perfect for protecting partial shelf display areas; 24" x 8" x 8"
- Quick, simple and security fastening to shelving
- Use either tamper resistant or standard Philips head screws for installation (included)

### Security Bay Gate - Warehouse Uprights

Retail theft is steadily on the rise. Some high dollar merchandise items require being kept under lock and key until shopper are ready to purchase them.

In shelving runs, sliding doors are ideal for creating secure displays or closed storage. Retailers and store personnel can access merchandise at shoppers request while safeguarding the merchandise from potential shoplifters or other forms of shrink.

The Sliding Security Case is easy to setup and utilize. Wire grid's install directly into retail shelving (Madix or Lozier) using provided mounting components and fasteners. Side panels are installed into shelving and wire grid to further prevent theft. Entire security system locks to ensure no shoplifters have access to product.

Note: Shelf depth must be uniform throughout to ensure proper setup.

- Entire security system locks to ensure no shoplifters have access to product.
- Allows for the retailer to use their desired lock preference
- Perfect for protecting hardware tools, display items and electronics

Item No.	Description	Dimensions	Finish
4649947174	Security Bay Bi-Fold Gate	74" W x 69" H	Black
4649946069	Security Bay Swing Gate	60" W x 69" H	Black

### Security Bay Gate

Keep merchandise safe in back stockrooms and storage warehouses with the adjustable Security Bay Gate for warehouse racking. Easy to setup and adjust, the Security Bay Gate helps store owners protect larger items and equipment from theft.

The Security Bay Gate features bay-style swivel doors that can be adjusted to accommodate racking systems between 12" and 24" (requires adjustable door stop to be installed in some cases). The gate doors are secured to the frame via spring clips (included with purchase) to ensure the Security Bay Gate doors are effectively and reliably secured to the frame and racking system.

Note: Security Bay Gate comes with all fasteners required.

- Protect merchandise on racking systems in storage rooms and other places
- Adjustable to fit heights between 12" - 24"
- Swing bay gate style allows for easy loading and removing of merchandise

Item No.	Description	Dimensions	Finish
4649909001	Adjustable Security Bay Gate	48" W x 12-24" H*	Black

## Sliding Wire Security Gate

Retail theft is steadily on the rise. Some high dollar merchandise items require being kept under lock and key until shopper are ready to purchase them.

In shelving runs, sliding doors are ideal for creating secure displays or closed storage. Retailers and store personnel can access merchandise at shoppers request while safeguarding the merchandise from potential shoplifters or other forms of shrink.

The Sliding Security Wire Gates are easy to setup and utilize. Wire grid's install directly into retail shelving (Madix or Lozier) using provided mounting components and fasteners. Side panels are installed into shelving and wire grid to further prevent theft. Entire security system locks to ensure no shoplifters have access to product.

Note: Shelf depth must be uniform throughout to ensure proper setup.

## Sliding Clear Security Gate

This option presents better security and product visibility. Additionally - a managed access solution requires store personnel to open and access products for customers while keeping it safe from potential shoplifters now that retail theft is steadily increasing.

The Sliding Security Gate easily converts a single shelf or continuous run of shelves into a locked and protected area for merchandise. Mounting hardware is provided to secure the gates to standard Lozier or Madix shelving. Side panels are available to close off the ends and prevent side access, creating a secure system. Clear glass front completely safeguards product while preserving visibility for honest shoppers.

Note: Shelf depth must be uniform throughout to ensure proper setup.

- Use in single section or side by side to secure mutiple gondolas worth of product
- Press-lock version includes two keys.
- Clear Glass Front provides easy product visibility
