Highlight categories to increase sales

Revamp your retail space with the Allura™ LED 5-Shelf Lightbar Kit - the ideal solution for showcasing your merchandise! This convenient kit supports lighting on up to five 4-foot shelves. The kit includes light bars, a bus bar, a power supply, cables, and mounting hardware. Whether you're looking to enhance the aesthetics of your space or increase customer engagement, this innovative lighting kit provides a convenient method to highlight your merchandise.

The Allura™ LED 5-Shelf Lightbar Kit utilizes magnetic clips that allow the light bars to be quickly and efficiently for optimal product illumination. The bus bar fits easily behind existing gondola shelving to provide power across multiple shelves from a single power supply. Combine multiple kits to illuminate a broader category.
