

# Power Zone<sup>®</sup> Kwik-Set<sup>™</sup> Self-facing System

The ultimate in flexibility

SIMPLICITY

# Total shelf management with one comprehensive system

## Power Zone® Kwik-Set™

Effective shelf management not only decreases time and money spent on labor, it can also increase sales by ensuring products are kept faced and easily accessible to shoppers. In fact, incorporating a self-facing system into a planogram can reduce time spent conditioning shelves by up to 67%.

**Power Zone® Kwik-Set™ Self-facing System** is a labor-saving, component-based system flexible enough to accommodate the widest range of product shapes and sizes throughout the store. The **Power Zone® Kwik-Set™ Self-facing System** provides a single solution for total shelf management.

## Easy-to-use

To further increase the convenience and labor savings of self-facing, tracks and dividers can easily be added, removed, or adjusted by sliding along the front rail – all while product remains on the shelf!

# Power Zone® Kwik-Set™ Self-facing System

## Product Features

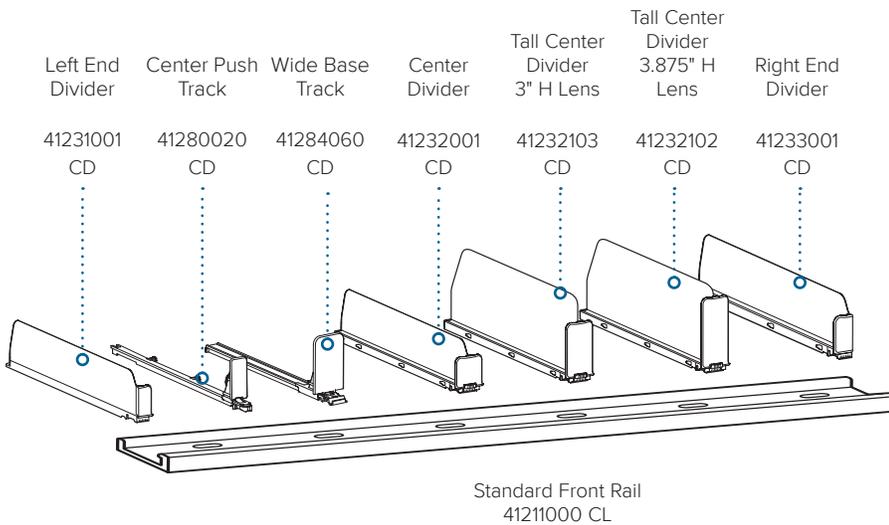

The unique and flexible design allows it to accommodate most package shapes and sizes in nearly every category throughout the store. From narrow health and beauty packaging to large or bulky detergents, bagged coffee and candy, and stacked products, this single system can keep shelves organized and products easily accessible for shoppers.

- ◆ Dividers feature clear product stops
- ◆ Spring-loaded lock tab for easy adjustment
- ◆ Standard or Kwik-Connect™ Front Rail
- ◆ Variety of optional accessories
- ◆ Available in beige, black, or white
- ◆ Ships preassembled or in bulk

Easy to  
install and  
maintain!

Up to **67%**  
Time Saving

# Convenient Kits

Individual components can be selected to configure nearly any product style, size, and shape. To simplify ordering and installation, the most popular sizes and colors are available in convenient kits. Kits include Kwik-Connect™ front rail, left end divider, center push dividers, center pusher tracks, and center push right divider. They come fully assembled for quick and convenient box-to-shelf installation.

Item No.	Fits Shelf Depth	Finish	Pack
<b>1 ft Kit / 5 Facings / 4 Center Dividers</b>			
4123731221	14" D	Black	1
4123731222	16" D	Black	1
4123731223	18" D	Black	1
4123731224	20" D	Black	1
<b>2 ft Kit / 9 Facings / 8 Center Dividers</b>			
4123732421	14" D	Black	1
4123732422	16" D	Black	1
4123732423	18" D	Black	1
4123732424	20" D	Black	1
<b>4 ft Kit / 18 Facings / 17 Center Dividers</b>			
4123734821	14" D	Black	1
4123734822	16" D	Black	1
4123734823	18" D	Black	1
4123734824	20" D	Black	1

The system also fits on our ModoShelf™ System to face bagged produce, packaged prepared foods, salad dressings and more.

# Accessories and Options

A wide variety of accessories is available to further customize the system to specific needs.

### Fasteners

Standard and specialty fasteners allow the system to be placed on perforated gondola shelves as well as metal and wire cooler shelves.

### Paddle Extenders

A wide variety of paddle extenders can be added to the pusher paddle to support wide, tall and round product packaging.

### Adapters

For specialty packaging or inventory control, customized adapters can be added to the system.

### Extend-A-Track™

Extend-A-Track™ uses a recessed paddle-pusher to allow for more merchandising space on each pusher track.

### Slow-Feed Pusher

Slow-Feed Pushers use a special spring dampener to decelerate the pusher and make merchandise move forward at a much slower pace than standard pusher systems.

### Angled Paddle

Kwik-Set Wide-based Angled Paddle provides additional surface area for round or odd-shaped merchandise, such as hard/soft flour tortillas.

### Kwik-Set LED Extrusion

Allura™ LED Lighting for Kwik-Set™ is a proven method for increasing sales and is an effective way to improve traffic. It can easily integrate into any new or existing Kwik-Set display.

### Kwik-Set for Freezers

Kwik-Set now comes available in a freezer-grade option that allows pushers and dividers to endure – 18°C (0°F) or lower temperatures.

### V-Fence

The V-Fence Track Lens snaps individually on Wide Base Tracks, only where needed. Ideal for large, round products, such as paper plates.

8181 Darrow Road  
Twinsburg, OH 44087

## Power Zone® Kwik-Set™ Self-facing System

### Reduce labor

Incorporating a product facing system into a planogram can reduce time spent conditioning shelves by up to 67%.

### Maximize efficiency

The comprehensive system is flexible enough to accommodate a wide range of product shapes and sizes throughout the store.

### Increase sales

Dividers, pushers and front lenses keep products organized, visible, and easily accessible by customers.
