## Keep Display Merchandise Accessible and Safe from Theft

In today's retail environment, merchandise theft is a constant concern. The Retractable Alarming Tether provides an innovative, reliable solution to protect your display items, ensuring a secure and user-friendly experience for both shoppers and store owners alike. The sleek, flexible cable allows customers to engage with your products while maintaining security. Its retractable design ensures that the tether stays out of the way when not in use. If the cable is cut or the tether is tampered with, the built-in alarm immediately activates, alerting staff to potential theft (deactivate using a high-gauge "Super" magnet).

The Retractable Alarming Tether can be installed in just minutes, with two mounting solutions to suit your display requirements.

**Adhesive Mounting:** Perfect for multi-surface applications, offering a clean and durable solution.

**Fastener Mounting:** Provides additional stability for high-traffic areas or permanent setups.

With variable tension control, the Retractable Alarming Tether features an adjustable stop that allows you to reduce the tension on the product, providing optimal freedom for customers to interact with merchandise without compromising security.
