

# One Shot Hook

One Shot™ normal shopping product release.

One Shot™ trigger rises to form a stopper to prohibit product sweep.

## Features and Benefits

- ◆ Works as a normal peghook when single products are removed.
- ◆ Will not interfere with a normal shopping experience.
- ◆ Adapts to FastFlip labels.
- ◆ Product will have to be removed one at a time.
- ◆ Available in 8" and 10".
- ◆ Best when used with .212 gauge wire Locking Fastback (7157802299)

## Prevent product sweep on hook merchandise!

One method shoplifters frequently use is product sweep: removing an entire display hook of merchandise at a time. siffron's One Shot Hook is designed specifically to prevent sweep. Using a stop trigger mechanism to only allow one product to be removed at a time, the One Shot Hook is an economical and effective way to approach loss prevention. Use in conjunction with the Locking Back for extra protection, the One Shot Hook is a common sense approach to preventing theft.

## Specifications
