

Heavy Duty Sliding Security Gate

Features

- ◆ Stop theft on high value merchandise
- ◆ Clear polycarbonate plastic keeps merchandise visible
- ◆ Disassembles and stores and ships flat
- ◆ Protect an entire 72" H gondola section

Protect What Matters Most with the Heavy Duty Sliding Security Gate

Protect your high-value merchandise and streamline your retail security with the Heavy Duty Sliding Security Gate. Built with clear polycarbonate plastic, this innovative gate ensures your products remain fully visible to customers while deterring theft and unauthorized access. Its sleek design fits seamlessly onto a 72" H gondola section, creating a secure, professional display that enhances your store's layout. Easy to assemble, disassemble, and ship flat, this gate offers convenience and durability in one versatile solution.

Whether you're securing premium products or organizing sensitive inventory, the Heavy Duty Sliding Security Gate is the dependable choice for retail environments. Its sturdy construction guarantees lasting protection, while its adaptability accommodates a variety of shelf sizes and depths. Elevate your store's security and design with this must-have feature that keeps your merchandise safe, accessible, and elegantly displayed.

*Feet available to extend display case beyond gondola foot print
