

Mini Spiral Anti-Sweep Hook™

Superior loss prevention in a more compact footprint

Smaller Footprint, Bigger Impact

- The Mini Spiral Anti-Sweep Hook™ reduces the overall width from 2" to just 1.25", maximizing valuable shelf and peg space.
- Ideal for tighter planograms and increasing SKU density — protect more products per section.

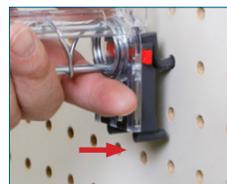

Flexible Product Display

- Available with 8 durable coils for organized, consistent product presentation.
- Adjustable label holder can be customized to meet any planogram or merchandising requirement.

Smart, Secure Design

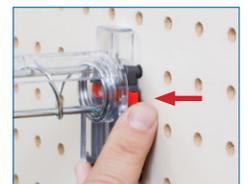

- Patented spiral hook design ensures only one product can be shopped at a time, effectively preventing sweep theft.

1. Push in

2. Push down

3. Lock

Quick and Easy Installation

- Straight-entry locking back allows for quick and easy installation, even on top rows — expanding your protected product placement options.
