

Kwik-Set™ Spring Finger Dividers

Self Facing System with Fold Down Lens for Faster, Easier Stocking

Flexible Product Stops

Spring fingers let products be pushed or pulled through easily.

Faster Stocking and Shopping

Products are simpler to load and remove than with current self-facing systems.

Ideal for Stacked Products

Supports items such as canned food and yogurt while securely holding the top of the stack.

Competitive Advantage

Eliminates the need to lift bottom items over a tall, rigid stop—a flexibility competitors don't offer.
