

FreezerRack™ Shelf + End Walls

Order the FreezerRack Trays and the End Walls together to create a shelf pusher system. Trays are packed (16) per carton. Each tray is one product facing. End Walls are packed (10) per carton and are used in two locations: Start & end of each row and at shelf elevation changes to stop and start a new run.

FreezerRack

End Walls

FreezerRack™ Shelf + Tall Walls

Accessory: Use FreezerRack Tall Walls to increase divider height to better divide tall, bagged items. They sleeve onto the divider wall and lock into place. Tall walls are packed 24/carton. Contact siffron with questions or for assistance.
