

4-Tier Round Display Rack

Features and Benefits

- ◆ Easy to set up
- ◆ Knocks down and ships flat
- ◆ No fasteners or additional tools required for assembly
- ◆ Four 6" deep display bins for merchandise

Keep convenience items accessible

Part of siffron's new wireframe floor-stand display product line, the 4-Tier Round Display Rack is perfect for showcasing impulse and point-of-purchase items in convenience and grocery stores. Lightweight, sturdy, and durable, the 4-tier Round Display Rack keeps items accessible and organized for easy customer access.

Simple for retailers to assemble without tools, the 4-Tier Round Display Rack can be set up in minutes. All components are designed to lock together without the need for additional fasteners. The 4-Tier Round Display Rack features a knock-down design for easy shipping and storage of the display.
