Backless Clip-On Data Strip® Label Holder for Shelf Channel

Add pricing and UPC information to the shelf's edge quickly and easily with the Backless Clip-On Data Strip® Label Holder for Shelf Channel from FFR-DSI. Tool-free design clips onto shelf channels for fast installation that helps reduce labor costs.

Features and Benefits

- Clips easily onto the bottom of most standard 1 1/4" shelf channels for fast, tool-free, low-labor installation.
- Adds important price and UPC information right at the shelf's edge.
- Provides channel for effective category color coding and promotional messages.
- Clear window protects labels from bumps, dust and other hazards.
- Available with optional integrated SuperGrip® Sign Holder that uses reverse-angle grippers to "clamp" onto promotional signage up to .040" thick for high-impact, clutter-free message delivery at the point of sale.
- Accepts tickets 1 1/4" H.
