Corr•A•Clip® Support Tube

Add strength to shelving in corrugated displays. The Corr•A•Clip® Support Tube from FFR-DSI slides into pre-punched slots on any corrugated panel to create an instant solution for displaying heavier products, such as boxed cards, salsa jars or CDs.

Features and Benefits

- Metal tube provides strength and support beneath corrugated shelving.
- Ideal for displays featuring heavy product such as boxed cards or CDs.
- Use on select shelves for displays featuring a mix of heavy and lightweight product; for example, use the Corr•A•Clip® Support Tube to support the shelf of salsa jars in a chips and salsa display.
- Tool-free assembly is quick and easy – simply insert the support tube into pre-punched slots below the desired corrugated shelf.
- Available in made-to-order sizes for a custom solution.
