Fixed Facing Vending Shelf

FFR-DSI's Fixed Facing Vending Shelf eliminates shelf sweeping with its metal lock-box construction. Each knob turn alerts store personnel with an audible click when multiple products are being dispensed. Keyed lock prevents pilfering from the system opening and the Barrier Wall drops down and protects back stock when door is open. Fixed shelf fits Lozier and Madix shelving systems.

Features and Benefits

- Eliminates shelf sweeping and deters shoplifting.
- Keyed lock and night time lock prevents unauthorized access.
- Barrier Wall drops down and protects back stock when the door is open.
- Audible knob alerts store personnel when multiple products are being dispensed.
- Product labels are easily visible to the shopper.
- Opening the pilfer-proof clear front door enables the customer to reach in and remove only one package.
- Shelf System can be unlocked and pulled out for quick and easy restocking.
- Fits Lozier and Madix shelving systems.
- Data Strip Label Holder® keeps price / order tags located directly above product.
- Dispensing instructions appear in English and Spanish.
- Holds most standard razor packages.
