Indoor/Outdoor Front Load Metal Sign Frame

FFR-DSI's Indoor/Outdoor Front Load Metal Sign Frame provides an upscale look both indoors and outdoors. Durable anodized aluminum frame hinges open to accept graphics, then "clamps" shut with spring tension for a secure, attractive presentation. Mount to indoor or outdoor walls with included hardware, as well as pegboard or slatwall with optional brackets.

Features and Benefits

- Durable weather resistant frame provides an upscale look both indoors and outdoors.
- 1" wide mitered frame opens to accept graphics up to 1/16" thick and "clamps" shut with spring tension for a secure hold.
- Clear plastic print overlay extends signage life.
- Visible graphic area 3/4" less than listed sign size (right).
- Mount to slatwall and pegboard with optional brackets (sold separately).
- Fully assembled.
