# Kleerex® Gravity Feed Shelving System

Dramatically improve appearance and reduce labor cost with FFR-DSI's Kleerex® Gravity Feed Shelving System. Shelves are designed to self-face product, keeping even the most hard-to-merchandise products visible. Neatly faced products allow for easier shopping and stocking. Many sizes and styles are available to provide an ideal solution.

## Features and Benefits

- Downward angle of shelf and "cassettes" automatically feed the product forward.
- Clear shelving allows for store's natural lighting to shine through to brighten appearance.
- Gravity feed shelving creates a natural "baffle" for improved refrigeration and lower temperatures.
- Shelf always looks full, even with minimal product.
- Easy to install - shelves hook directly into case standards.
- Makes it easier to rotate product and faster to re-stock shelves.
- Product stays neat, organized and faced forward.
- Fits all major gondola manufacturers.
