# Melon Cutter

The sturdy stainless steel Melon Cutter from FFR-DSI is a unique melon cutting appliance that slices the melon in a crinkle cut design for a more attractive presentation. This handy tool quickly and easily slices the whole melon (rind and all), as well as the meat of the melon. The Melon Cutter significantly reduces labor, increases product presentation, and reduces dangerous knife injuries.

## Features and Benefits

- Crinkle Cut design for more attractive presentation.
- Guaranteed to sell more produce.
- Easy to use, stainless steel appliance.
- Reduces labor.
- Reduces dangerous knife injuries.
