Spiral Anti-Sweep Hook

The Spiral Anti-Sweep Hook from FFR-DSI provides a secure solution for high-theft pegged merchandise, while maintaining product availability for self-service by the customer. The merchandiser is versatile and can accommodate multiple SKU's within a product category. When the knob is turned, an audible clicking sound alerts sales associates that someone is shopping the product and the product is being dispensed.

Patented

Features and Benefits

- Secure individual or multiple SKU's within a section.
- Minimal to no impact on existing sets as the Merchandiser simply replaces existing pegs.
- Merchandiser attaches securely to pegboard.
- Optional clip connects and secures adjacent pegs for uniform and even look.
- Eliminates peg sweeping through integrated dispensing coil.
- Deters shoplifting and prevents cutting of the hang tab through integrated enclosure.
- Merchandiser has an audible alert when the Dispensing Knob is turned.
- Dispensing Knob is comfortable and easy to use. Each knob turn draws product forward, releasing a single package.
- Load merchandise by simultaneously rotating the dispensing knob counter clockwise and inserting merchandise onto the spiral hook.
