Features and Benefits

- Available in gondola upright or pegboard mount for flexible placement:
 - Gondola Upright mount attaches to Darling, Lozier and Madix gondola uprights using included Flipper Nut.
 - Pegboard mount fits most 1" on center standard pegboard.
- Innovative, telescoping arm extends from 13" L to 21" L for custom aisle penetration to suit any planogram and message.
- Create support for long blade signs using one or two holders.
- Integrated hinge safely flexes when bumped, making the Sign Holder ideal for high-traffic areas.
- 3" L SuperGrip® sign holder features reverse-angle grippers that "clamp" onto signage for a secure fit.
- Holds signage up to .100" thick.
- Beige metal and clear PVC construction deliver a long-lasting solution.
