Turntables, Metal

Create revolving displays to enhance visibility and accessibility of merchandise using FFR-DSI's Metal Turntables. Steel construction and continuous race ball bearings ensure FFR-DSI's turntables provide long-lasting, stable and smooth rotation for displays.

Features and Benefits

- Use turntables to present merchandise on revolving displays for maximum visibility and shopper/stocking accessibility.
- Turntables can be mounted to display bases through provided holes to deliver a sturdy and stable solution.
- Designed to provide low-noise rotation.
- Available in multiple styles to meet many display needs.
- Steel construction is extremely durable, providing a long-lasting display solution.
