Warehouse Upright SuperGrip® Sign Holder

The Warehouse Upright SuperGrip® Sign Holder from FFR-DSI makes it easy to add highly visible signage to most standard warehouse uprights. The Sign Holder extends into aisles for signage that stands out up close or from a distance, plus features FFR-DSI's patented SuperGrip® holding power to keep signs in place. Available integrated hinge allows signage to flex when

Features and Benefits

- Slides easily into existing standard warehouse uprights for an instant signage solution.
- Holds signage in the "flag" position for maximum visibility.
- Can be used alone or in pairs to support larger blade signs.
- Available with or without hinge; integrated hinge flexes when bumped to withstand stocking and customer interaction.
- Patented SuperGrip® technology uses reverse-angle grippers that "clamp" onto signage for a secure fit designed to keep signs off the floor.
- Available in two capacities to hold material up to .100" or .100"-.250" thick.
